

CLASSIFIER FLIGHT SHOES

Keep your classifier running longer with wear-resistant polyurethane flight shoes—supplied and installed by Davis Industrial.

In abrasive sand, gravel, and slurry applications, flight shoes take a beating. We provide and install lightweight, high-wear polyurethane flight shoes designed to outlast typical urethane options and many metal alloys, helping you cut downtime, reduce changeouts, and extend screw service life.

BENEFITS

- **Lighter weight than metal alloy shoes (easier handling + faster installs)**
- **Resistant to corrosive environments**
- **Interchangeable between right- or left-hand screws**
- **Retrofits available for a wide range of sand screws**
- **Reduced power consumption**
