

BEARINGS

Ball • Spherical Roller • Tapered Roller • Split • Smart Sensor

Davis offers a wide variety of **high quality bearings** to suit your system needs. Sourcing from multiple quality vendors with a **large inventory on site**. Whether it be standard mounted units or custom engineered products, we can supply it all. A Solution Focused approach to taking care of your needs.

Add on the **ABB Smart Sensor** to monitor the health of your mechanical products *before* they fail causing unscheduled downtime and more costly repairs.
